A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07/21/2008 has been entered.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicant arguments that Condra reference does not teach that mutation 88T of HIV protease measured individually correlates with drug resistance are deemed persuasive. Neither there is teaching in prior art on combination of HIV protease mutations 33F and 90M. Consequently, the prior art does not teach detection of mutation in HIV protease in combination with mutations in HIV reverse transcriptase as claimed (even though Examiner maintains that these mutations are anticipated by prior art).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (571) 272-0713. The examiner can normally be reached on 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marjorie Moran can be reached on (571) 272-0720. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
